Andy Meints Contracting Ltd. is a full logging operation, based in the community of Houston, BC, and we offer a wide variety of different services. From road building, to harvesting, to logging, it is a company that brings many opportunities for forestry employment. Since starting in 1992, our company has grown to have an average of 30 employees under our company name. As a contractor under Canadian Forest Products from the beginning, we have been proved to be a well respected company. Our company has worked in several different areas of Houston, but we are currently working out across Babine Lake. We invite you to contact us at anytime with questions you may have or to simply learn more of how our operation is run.

Contact Person: Andy Meints
Serves Community: Houston
